Hi Russ,

You can submit the MA Special Account Multi Site application. For cost recovery purposes, please refer to the Frenchtown Mill site as the Smurfit-Stone Mill site.

As Roger indicated in his email, you will need to apply for the Columbia Falls funding through the MA Bulk Funding Multi Site. EPA refers to this site as the Anaconda Aluminum Co Columbia Falls Reduction Plant.

Thank you.

Danette,

Attached are draft narrative and budget sheets for an amendment application to the Management Assistance Special Account Multi Site Superfund Cooperative Agreement V-96823301 for the Columbia Falls Aluminum Reduction Plant and Frenchtown Mill.

Please review and provide comments. If you have question, please feel free to contact me or Tom (444-6445).

Once you have completed your review, I will prepare the remainder of the amendment application and submit thru grants.gov.

Thank You  
Russ Rowsey
